

Accessing IIEP via the LINK Portal

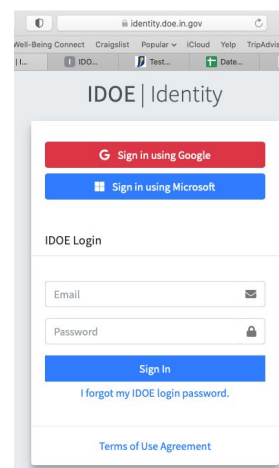

Accessing Indiana IEP (IIEP) is easier with the new “front door” via the LINK Portal, which displays the IDOE tiles to which you have access. The LINK Portal is configured to recognize either your local school corporation’s and/or cooperatives’ Google G-Suite or Microsoft 365 accounts.

How to Log In

- Go to <https://link.doe.in.gov>
- Click either “Sign in with Google” or “Sign in with Microsoft”
- Enter your local credentials to log in

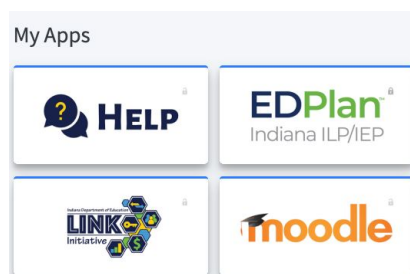

Things to KNOW

- You must use either the Sign in with Google or the Sign in with Microsoft options.
- The forgot password feature here will NOT work for most corporations/cooperatives. If you do not remember your Google or Microsoft password, please contact local technical support.
- To bookmark the page, please make sure this is only <https://link.doe.in.gov>

The EdPlan App

- When your Security Coordinator has provided you access, you will see the EDPlan tile/application.
- Click on the EdPlan tile to be connected to IIEP!

Things to KNOW

- The EdPlan icon will function after your school corporation’s and/or cooperatives’ transition date.
- The District Administrator in the IIEP system will set school access. Permissions and access to students will be set within IIEP—same as always.
- **IMPORTANT:** The match-up to an existing IIEP account is based on the Google/Microsoft email you use to log in. If you experience any of the following login issues, please follow the steps below:
 - Scenario 1: Log in to LINK and find no EdPlan icon. Please contact your local IIEP Administrator, who will work with the Security Coordinators to address the issue. (The local IIEP administrator should check your email within IIEP matches the LINK one)
 - Scenario 2: Log in to LINK and “land” in IIEP and find that you do not have your caseload. Please contact your local IIEP Administrator, who will work with IDOE and PCG to resolve the issue. (This is usually due to a mismatch between emails)

Support

- IIEP questions should begin with your local IIEP Administrator
- LINK login questions should be directed to your Security Coordinator
